A DELAYING POLICY.

Such Tactics Have Been Adopted by Republican Senators.

FILIBUSTERING IN THE SENATE

Tariff Debate Interfered With In Every Possible Way—A Test of Strength—The House Takes Up Another Appropriation Bill but No Action Is Taken on the Measure.

WASHINGTON, April 7.—The policy of delay of the minority of the senate was made manifest yesterday when, before the conclusion of the reading of the journal, Mr. Chandler, Republican, made the point of no quorum and the roll was called showing that four senators less than a quorum were present. After a delay of 15 minutes four senators dropped in to complete the quorum and the reading of the journal was concluded and the routine business was proceeded with.

An interesting test of strength was developed by Senator Hill's motion that when the senate adjourn it should be until Monday. The Republicans jumped at the idea and seconded the motion and even Senator Harris' request that the motion be withdrawn had no effect, so he demanded the yeas and nays, in which demand he was seconded by Senator Vest. As the roll call progressed it became evident that the vote would be close, and when it was announced, 25 to 26, a sigh of relief arose from the Democrats.

The vote was with few exceptions a party vote. The Republicans voted for the motion and Senators Hill and Murphy of New York and and Irbly of South Carolina voted with them and Senator Brice of Ohio was paired in favor of the motion. Of the Populists, Stewart voted with the Republicans and Allen, Kyle and Peffer with the Democrats.

The resolution introduced some time ago by Senator Wolcott looking to drafting a treaty with Mexico by which the United States should coin silver dollars at its mint, was laid before the senate, and Mr. Teller said after he had made a few remarks he would ask to have it lie over until Monday, as Senator Wolcott was absent.

Mr. Teller then briefly addressed the senate in favor of the resolution.

Senator Lodge of Massachusetts delivered a ringing speech in support of the resolution, urging the passage because the experiment was worth trying while it could do no harm.

Senator Dubois of Idaho followed in support of the resolution.

The hour of 2 o'clock having arrived, the resolution went over without action and the tariff bill was laid before the senate.

There was a very slender attendance of senators on the floor when Mr. Peffer rose to speak on the tariff question and this number dwindled by degrees until by 2:30 there was only a corporal's guard present.

Mr. Quay made the point of no quorum, but before the roll was finished, enough senators came in to make a quorum and the senator from Kansas resumed his speech.

Senator Peffer had proceeded for two hours when Senator Gallinger suggested that he be allowed to suspend his remarks and conclude at the next meeting of the senate. Senator Peffer assented to this, but asserted that he was not speaking against time and did not desire to have his speech drifting along over two or three weeks.

Mr. Morgan moved that the senate proceed to the consideration of executive business.

At the request of Senator Harris he subsequently withdrew the motion and Mr. Harris, stating that the tariff bill had never been read in full and that the senate had refused to dispense with its formal reading, asked that it be then read, hoping thus to fill in the interim until Mr. Peffer should be ready to proceed.

The Republicans thereupon began dilatory tactics, Mr. Aldrich moving that the senate go into executive session and Mr. Harris demanded the yeas and nays, which showed the absence of a quorum. Mr. Aldrich's motion being voted down, there was a roll call which disclosed the presence of a quorum.

At 4:35 p. m., on motion of Mr. Harris, the senate adjourned.

In the House.

WASHINGTON, April 7.—The house went ahead with appropriation bills again yesterday. Some routine business was, however, first transacted. A bill authorizing the city of Hastings, Minn., to construct a wagon bridge across the Mississippi river was passed on motion of Mr. Hall of Minnesota.

A bill to increase the amount of land in the Yellowstone park reservation leased for hotel purposes from 10 to 20 acres was passed.

The house then went into committee of the whole, Mr. Hatch in the chair, and the consideration of the postoffice appropriation bill was resumed.

Mr. Henderson (Dem.) sent to the clerk's desk and had read an appeal to congress against the further extension of second class mail privileges. Over 250,000 pounds of second class matter was carried by the mails last year, it said, 5,492 news publications were started last year and the efficiency of the mail service was crippled by the limited quantities of second class mail matter carried.

Mr. Loud (Rep., Cal.) opposed the amendment on the ground it would swamp the department. It would cost the United States, he declared, \$10,000,000 annually.

Mr. Loud (Rep., Cal.) offered an amendment to increase the appropriation for railroad transportation from \$25,500,000 to \$26,000,000 on the ground

that the former sum would prove inadequate. It was defeated.

Mr. Dunphy offered as an amendment to the amendment a proviso to prevent the bureau of engraving and printing from doing any of this work.

After some further debate in support of the point of order raised against the Dunphy amendment by Mr. Berry of Kentucky, the committee rose and the house at 5 o'clock took a recess until 8 o'clock, the evening session to be devoted to pension bills.

IMITATION BUTTER WAR.

Vast Industries Involved and Much Money Will Be Spent.

CHICAGO, April 7.—It is to be a war to the knife between the manufacturers of oleomargarine, butterine and other imitations of butter and the state and national associations of dairymen that have recently been brought into existence for the purpose of protecting their interests from utter annihilation. It is current report that the manufacturers of the imitation products, and of whom the Armour are the largest, have contributed between them a fund, said to be 5 million dollars, for the purpose of thwarting the efforts of the dairymen, whether in legislative assemblies, in the courts, or wherever else the dairymen may make a stand.

That such an amount, although seemingly enormous, can be profitably employed, is apparent from the fact that the manufacturers have spent in 1893, \$500,000 in the past three years in legal and other expenses involved in the fighting on the ground of unconstitutionality of the laws passed by the legislatures of various states and which were designed to protect the great masses of the people against imposition in the purchase of dairy products. The manufacturers have also secured valuable allies in the cattle interests of the southwest, and which have pledged their influence with congress in particular, and with the public in general, together with their money, to hold up the hands of the manufacturers.

Meanwhile, the National Dairy association and the various state organizations are working quietly, but none the less vigorously, in the direction of bringing influence to bear upon the members of both branches of congress for the passage of the measure now pending when, while calculated to promote the best interests of the dairy industry of the country and to maintain the doctrine laid down by previous acts of the national legislature that the rights of the masses to pure food must and shall be protected, will also deal a death blow to the imitation butter trade. As a matter of fact, the business is being carried on simply by subterfuge of what is known as the "original package" decision of the supreme court, but the pending measure will give authority to the various states to control the traffic in oleomargarine and under which authority its use might be absolutely prohibited by act of legislature.

ROW AT A RACE TRACK.

An Innocent Bystander Shot and One of the Participants Fatally Injured.

St. Louis, April 7.—At the Madison (Illa.) race track yesterday evening Patrick O'Neill tried to collect a bill from a California horse owner named Owen. Albert Moody, who had charge of Owen's horses, could not, in Owen's absence, satisfy the collector, who then attempted to lead off one of the racers.

T. O'Neill, who was standing by, made a threatening move toward Moody, who pulled his revolver and fired two shots, seriously wounding a bystander named William Taylor, better known as "English Bill." T. O'Neill seized a pitchfork and struck Moody over the head, causing a fatal injury.

KILLED HIS FIANCEE.

He Then Shoots Himself, Inflicting a Wound That May Prove Fatal.

CHICAGO, April 7.—Arthur Laverie, 28 years of age, son of a wealthy liquor dealer, shot and killed his fiancée, Miss Emma Allen, last night.

The young man had been drinking heavily of late, and sometime ago the father of the young woman ordered him from the house. This, as far as known, was the only cause of the trouble. Laverie, after talking pleasantly with her yesterday evening, shot the woman through the heart, killing her instantly, and then turned his revolver on himself, inflicting a wound that may prove fatal.

Shot \$10,000.

BAY CITY, Mich., April 7.—Charles W. Newkirk, the defaulting bookkeeper of the Bay County Savings bank, who was brought back from California, has made a confession in which he acknowledges having stolen over \$10,000 and that he carried on the work for over two years. He says the money was used in board of trade gambling, mainly in Chicago.

Had Minister Pleads Guilty.

CHATTANOOGA, April 7.—Rev. C. W. Lewis, colored, pleaded guilty in 14 criminal cases in the United States circuit court yesterday. Lewis has been doing a bogus pension business for years and 14 indictments were found against him, as follows: One for impersonating a federal officer, six for procuring false affidavits and seven for forgery.

"Ricketty Dan" Gives Himself Up.

SPRINGFIELD, Ills., April 7.—William Newby, alias "Ricketty Dan" Benton, the pension claimant, just refused a new trial by the United States supreme court, arrived here yesterday and gave himself into the custody of the United States marshal. Application for a new trial under a writ of error will be made before Judge Allen here.

Pre-paring Our Flag.

WASHINGTON, April 7.—Representative Layton of Ohio was authorized by the house committee on the judiciary to report Caldwell's bill to prevent the desecration of the United States flag.

BUSINESS IMPROVING.

R. G. Dun & Company's Weekly Review of Trade.

EFFECTS OF THE BLAND VETO.

Confidence in Business Restored and Brighter Prospects For the Future. Great Decrease in Number and Importance of Failures—Full Returns Given For the Past Three Months.

NEW YORK, April 7.—R. G. Dun & Company's weekly review of trade says: Improvement in business has continued since the president's veto, which has been sustained in the house. But the best news of the week is the great decrease in number and importance of failures, of which full returns are given for the first time by months in the quarterly statement on following pages. The number was 2,090 in January, 1,202 in February and 1,005 in March. The commercial liabilities were \$31,320,867 in January, \$17,930,419 in February and \$14,730,893 in March.

Nearly half the commercial liabilities were of firms failing during the first month; much more than half of the trading liabilities, 54 per cent, as the full statement shows, 42 per cent of the manufacturing liabilities, and 49 per cent of the other commercial liabilities. Moreover nearly two-thirds of the banking liabilities were of failures in the first month, and over half of the railroad liabilities.

Though the number of commercial failures, 4,239, in the United States was never equaled in any quarter until the third of last year, the average of liabilities is only \$14,890, which is lower than has appeared in the records for thirty-eight years, at any time closely preceding any serious reverse. The degree of commercial soundness and health thereby indicated, gives ground for hope that the liquidations consequent upon the disaster of 1893, have been in a large measure accomplished.

Wheat has been lifted 4 cents by reports of injury to the plant, but the accounts are more than usually conflicting, and there is much uncertainty about the extent of the injury. Western receipts were 1,771,147 bushels for the week, against 3,170,771 last year, but exports from Atlantic ports were but 753,443 bushels, against 1,042,263 last year.

Corn has declined but 1-2 cents, with western receipts of 2,590,139 bushels. It illustrates the contrast of the hog by rising half a dollar, with lard a shade.

The cotton market approaches stagnation, with spot steady at 7 3-4 cents, but receipts for the week exceed last year's, and still indicate a crop much above 7,000,000 bales.

The failures for the past week have been 249 in the United States, against 193 last year, and 26 in Canada against 28 last year.

TAX CASE DECISION.

Indian Lands in Indiana Subject to Taxation.

INDIANAPOLIS, April 7.—The supreme court has decided the case involving the question of the payment of taxes on lands in Huntington county held by the Miami Indians. The court finds that the tract was allotted by the United States to Francis Godfrey, a Miami Indian, and afterward secured by patent by his son, Posqua Godfrey.

The court says the land passed out of the hands of the Indians after the allotment, and were afterward in the possession of white men. They were again acquired by the descendants of the Indians. Had the property been handed down through the generations of the Indians the agreement of the state with the federal government not to tax them and to protect the Indians in their possession would be respected.

Leave Their Safes Open.

SOUTH BEND, Ind., April 7.—Safe breakers have been working diligently in this city for some time. Thursday night robbers entered the Singer Sewing Machine company's office and broke the combination lock, but did not succeed in opening the safe. They also entered the office of Knoblock & Ginz's flouring mill. Here they succeeded in getting \$27.25 after breaking the safe. There are no clues. So frequently have robberies occurred here of late that many business men do not lock their safes at night and post signs indicating that fact, so that the robbers will not damage the safes.

Farmer Burned to Death.

PORTLAND, Ind., April 7.—Samuel Valentine, aged 22, of Green township, met a terrible fate yesterday evening. He was out in the field burning brush and was overcome by an epileptic fit, falling headlong into the flames. His brother rushed to his rescue, but when he reached the scene the unfortunate man's clothing was burned off and his body was in a cinder. He only lived a few minutes after being pulled out of the fire.

Indian War Reports Exaggerated.

St. Louis, April 7.—A special to The Republic from Ft. Reno, O. T., says: A courier arrived in this city at 11 o'clock last night, direct from Panther Creek county, the scene of the Indian difficulty. He states that the number reported killed has been greatly exaggerated and that Captain Hunter now has in charge all the principals in the difficulty and will arrive with the prisoners in a few days at Fort Reno.

Noted Geologist Dead.

CRAWFORDSVILLE, Ind., April 7.—Charles Beecher, a Republican candidate for state geologist, is dead. He was a noted specialist in geology and was a contributor to several scientific papers.

ESCAPED FROM JAIL.

Eight Prisoners Gain Their Liberty, but Four of Them Are Recaptured.

GREENSBURG, Pa., April 7.—A desperately executed jail delivery was successful here last night by which eight criminals escaped. When Jailer McCready, with his assistant, William McSheary, entered the cell corridor for the purpose of locking the prisoners up for the night Peter Madden, one of the most vicious prisoners confined in the jail, jumped from his cell door and struck McCready across the back of the head with a piece of leadpipe. The jailer went down as if he had been shot and lay unconscious on the floor, with blood pouring from an ugly gash across his skull. McSheary made a brave stand, but was soon a victim of Madden's sudden billy.

While both men were in an insensible condition the companions of Madden, who were in the plot, jumped on them and beat them brutally. The prisoners rifled the pockets of McCready, securing the keys necessary for their escape and rushed out of the jail.

An alarm was given within an hour, four of the escaped convicts were recaptured, but four others, the worst of the gang, are still at liberty. They are: Peter Madden and Michael Gorman, express robbers; Young Kelly and Harry Owen, robbers.

A large posse of officers are in pursuit. The wounds of the jailer and his assistant, while serious, are not considered fatal.

FOUR HUNDRED AND FORTY.

Cokey's Commonwealth Army Now Numbers That Many.

McKEESPORT, Pa., April 7.—The army of the commonwealth camped at Reynoldston, but the men slept in the Coliseum. The entry into the city was watched by hundreds, but there was no demonstration. The march from Homestead along the river road through Duquesne was a tiresome one, and a stop of two hours was made at the latter place. The army was escorted into town by a delegation of tube workers, and a band. Four hundred loaves of bread were donated by leading business men.

In a special, Marshal Browne announces that hereafter the communes shall be lettered and not named. There are already five communes, A, B, C, D and E. The stop at noon will be at Elizabeth and the camp at Monongahela City will be named Bramlywine. There were four new recruits yesterday, and 440 meal tickets were given out.

DECISION MODIFIED.

Judge Jenkins Changes His Mind on a Great Labor Case.

MILWAUKEE, April 7.—The long-looked-for decision by Judge Jenkins on the motion made by the chiefs of the great railway organizations for a modification of his famous Northern Pacific strike order was rendered in the United States circuit court at 2 o'clock yesterday afternoon.

Judge Jenkins modifies his injunctive order by striking out the clause which reads "and from ordering, recommending, approving or advising others to quit the service of the receiver of the Northern Pacific company Jan. 1, 1894, or any other time." In other respects the judge denies the motion of the men.

If Judge Jenkins still holds that the men can not quit work in a body an appeal will be taken to the United States circuit court of appeals, which will pass upon the merits of the conflicting decisions.

PEACE REIGNS IN SOUTH CAROLINA.

The State Troops Dismissed With the Governor's Thanks.

COLUMBIA, S. C., April 7.—South Carolina is again at peace after the stirring and warlike happenings of the last week. The state troops withdrawn from Darlington arrived here yesterday evening. Governor Tillman addressed them briefly, commending and thanking them. There was nothing sensational or wild in his remarks.

The spy, McLendon, who is regarded as the cause of all the trouble, was a spectator. He was guarded by militiamen.

Governor Tillman is already preparing an application for bail for McLendon and Cain, who were found at the inquest responsible for the killing.

Negro Rapist Hanged by a Mob.

ATLANTA, April 7.—Mrs. Chambliss, a respectable white woman of Grubbsboro, Ga., was raped there Thursday night by a negro. Yesterday morning the negro was caught and identified and placed in jail. An armed mob attacked the jail. The governor ordered out the militia, but before they reached the scene the walls of the jail were battered down and the negro taken out and hanged. Immense excitement prevailed while the sheriff was attempting to protect the prisoner.

An Old Feud Breaks Out Again.

PLATEAU CITY, Mo., April 7.—News is just received of a serious shooting affray that occurred six miles east of here in which James H. Jones was killed and Richard Oldham perhaps fatally wounded. The shooting was done by Marion Oldham, father of the wounded man, and was the result of an old feud. Jones was one of the wealthiest and most prominent men in the county and the Oldhams were also prominent. The elder Oldham has been placed under arrest. Much feeling exists.

May Be Settled Next Wednesday.

DENVER, April 7.—Arguments continued all day before the supreme court on the quo warranto proceedings in the fire and police board case and attorneys were given until Monday in which to file additional briefs and a decision settling the whole unwelcome affair is expected Wednesday morning.

STRIKE STILL EXISTS.

More Trouble Likely to Occur In the Coke Region.

DYNAMITE OUTRAGES FEARED.

Two Thousand Pounds of the Deadly Stuff Stolen From Reservoir Contractors—A Fight at Frick's Brownfield Works Hourly Expected—Another Important Arrest Made.

UNIONTOWN, Pa., April 7.—It has just been discovered that the strikers have stolen 2,000 pounds of dynamite from the new reservoir being constructed on the mountains east of Dunbar and great destruction of property is expected. The dynamite was stolen while the workmen on the reservoir were absent, the rioters breaking open the storage house. The robbery has caused great excitement in the coke regions and many believe preparations are being made for a renewal of hostilities.

There was an alarming change in the situation, here. The strikers commenced to move again in this section of the region yesterday afternoon. A meeting was held at what is known as the old college and was attended by about 300 strikers. It was decided to meet at Oliver, a short distance north of town, and at midnight start for Frick's Brownfield works. The authorities are prepared for them.

At the courthouse guards swarm the sheriff's office loading guns and rifles for the expected encounter. A fight will likely occur as the sheriff will not allow the strikers to trespass on the company's property.

President Davis, who is in jail, said he would not withdraw his call for a convention, and urges the board to report at the meeting and arrange for a continuance of the strike. He, however, condemns the rioting and says that it must be stopped. An angry feeling is developing, and there are indications that troubles will break out anew, if not before the Scottsdale convention.

John McSloy, the vice president of the Miner's District union, was captured last night by County Detective Frank Campbell at the house of Barney Corners of the Leisenring road, between Connellsville and Uniontown. He was found in bed sound asleep and was awakened and brought to Uniontown, where he was placed in the county jail charged with the murder of Joseph H. Paddock.

When the officers having in charge McSloy, arrived in Connellsville, the funeral party of Engineer Paddock were just leaving the Baltimore and Ohio station, and at least 500 people were there as spectators. There was great excitement and talk of lynching was heard on every hand.

DAVIDSON RIOTERS.

They Can Probably Be Convicted of Murder in the First Degree.

CONNELLSVILLE, Pa., April 7.—County Detective Campbell has left for Broadford to trace down a rumor which, if substantiated, will throw the Davidson rioters liable to conviction of murder in the first degree. It is said that before the mob left Broadford to march to Davidson they were addressed by one of their leaders, who told them to close down the Davidson works if every man employed there had to be killed to accomplish that end.

This is important testimony, if true. If the men went to Davidson bent on murder, if they were opposed, they are nearly guilty of murder in the first degree. No one knows the name of the leader who committed them to this act of bloodshed.

Miners Discouraged.

GALLITZIN, Pa., April 7.—At a meeting held by the miners of Spangler to take action on the proposed reduction from 40 to 35 cents per ton, the majority said that such action should not be taken at this time, and all the men will return to work. The failure of the Connellsville region strike has helped to discourage the miners along the railroad and no combination is possible.

SAID "HELLO!"

A Woman Recovers Her Voice in a Peculiar Manner.

CELINA, O., April 7.—A peculiar case has just come to light here, in which Miss Lizzie Bryan, after a protracted illness of about three years, was horrified to find that she had lost the power of speech when she recovered from her illness.

She had not spoken a word above a whisper for three years until a short time ago. She was going to a neighbor's house, when she passed a young man. He spoke to her and she said "Hello" in an audible tone. This was the first word she spoke above a whisper since her illness. She is rapidly recovering her power of speech under the treatment of her physician.

Three Men Break Jail.

LOGANSPORT, Ind., April 7.—Hamilton, Speed and Williams, respectively awaiting trial for larceny, burglary and highway robbery, broke jail last night by sawing through the steel ceiling and descending by a rope made of bedding. Tools were handed in during the supper hour, and it was a half hour after escape until discovered. All were desperate characters. A posse is in pursuit.

Kids Captured.

WINCHESTER, Ind., April 7.—Earl Hincherson, Albert Tritt, and Walter Tibbotts, aged 10, 12 and 13 years, of Union City, were captured in this city yesterday and returned to their parents. The boys were novel readers, and had started to Texas, walking this far. On the person of Tritt was found a razor and a revolver.

REPUBLICAN editors continue to refer to
 the New York Sun as "one of the great-
 est Democratic papers in the United
 States." The Sun knows by bitter expe-
 rience that the Democrats repudiated it
 long ago.

THE news from Columbus, O., is that
 the finances of the Buckeye State have
 reached such a desperate stage that
 money will have to be borrowed and
 bonds issued to tide over the strait. Re-
 publicans have been running things over
 that way of late years.

SENATOR VOORHEES in his speech on
 the Wilson bill denied that it can be
 shown anywhere since the Republican
 party came into power thirty-three years
 ago that the wages of a workman or
 woman, in furnace, factory or delving
 mine, has ever kept pace with increased
 tariff rates, or, indeed, had any increase
 at all on account of high protective tariff
 legislation. Here's a chance for some
 Republican to come forward with the
 figures if he has them.

WHAT THE PARTY HAS DONE.
 The Democratic party has repealed the
 Republican election laws.
 The Democratic party has repealed the
 Sherman act.
 The Democratic party is cutting down
 appropriations and is practicing economy.
 The Democratic party of the House has
 sent to the Senate a bill reducing taxes
 on imports \$70,000,000, and relieving the
 consumers of the country of an indirect tax of
 five times \$70,000,000.

In 1890 the Republicans passed the
 Sherman act and the McKinley act.
 The party (G. O. P.) was warned of the
 effect of these measures on currency and
 on commerce.

Democrats in debate declared that dis-
 turbances were inevitable; that confi-
 dence would be shocked; that trade
 would be interrupted, and that we would
 repeat in 1893 the dreadful experiences
 of 1873.

Those predictions have been fulfilled.
 Last year before Congress met the storm
 broke on the country. Banks failed,
 mills closed, furnaces went out of blast
 and distress everywhere prevailed.

The task before the Democrats was a
 serious one. Measures of relief were de-
 manded and have been provided, but
 unfortunately legislative bodies are slow
 and uncertain. The people await the
 action of the Senate on the tariff bill. *

The above is from that sterling Demo-
 cratic paper, the Louisville Post. It's a
 summing up of the situation in a nut-
 shell. What is needed now is prompt
 action of the Senate on the tariff bill.

MR. MILTON JOHNSON is in the South

 correspondent of the Augusta Reporter
 compliments him as follows: "Mr. John-
 son is fast gaining a reputation as a first-
 class lawyer, and as an orator he is too
 well-known to need any introduction
 from us, as he has taken several medals
 from well-known colleges in oratorical
 contests and was the first man from the
 South who delivered the valedictory from
 the University of Michigan at Ann Arbor.
 A man who wins such honors as these
 is bound to make his mark at any calling
 he may choose. Germantown and
 Bracken County are proud of such men.
 Would that we had more."

TATE'S SURETIES.

The State Has Probably Scored a Vic-
 tory in its Suits Against
 Them

A special from Frankfort to the Louis-
 ville Post says that the State has prob-
 ably scored a victory in the Franklin
 Circuit Court over the sureties on the
 bond of Jas. W. Tate, the defaulting
 Treasurer.

Commissioner W. H. Posey filed his
 report Thursday in the suit for \$162,000 on
 the bonds covering the period from Jan-
 uary, 1886, to March 20, 1888, the date of
 Tate's flight, and holds in substance that
 if the State is not obliged under the law
 to show the amount of outstanding checks,
 and which ex-Chief Justice Hines (who
 represents, with Attorney-General Hen-
 drick, the Commonwealth) says the State
 is not bound to do, then the sureties owe
 on these bonds \$74,936.

The entire amount claimed by the
 State on all the bonds at first was about
 \$200,000. But out of the estate left by
 Tate, which included money in bank,
 whisky and "I. O. U.'s" in his office safe
 for money loaned to friends and officials,
 there was realized a total credit of about
 \$95,000, which credit Commissioner Posey
 apportions to the securities on the
 bonds in this suit about \$45,000. In the
 event, however, that all the \$95,000 is to
 be credited to this suit, then the sureties,
 the Commissioner says, will only owe
 \$24,550.

Again, if the State is required to show
 the outstanding checks, then the evi-
 dence, says Commissioner Posey, fails to
 prove any defalcation whatever.

There is another case of the bonds of
 1884 and '85 for about \$60,000 pending
 in the Court of Appeals on an appeal by
 the State which lost the case in the
 lower court about two years ago.

The Commissioner's report will have
 now to pass the scrutiny of Judge Can-
 trill, who will decide the matter after
 the attorneys on both sides, if desired,
 have had time to file exceptions to the
 findings.

Judge Hines, speaking for the State,
 said it was a victory for the State, and
 he would not file any exceptions, be-
 lieving that the law was too plain on
 the subject to admit of a doubt. The
 judgment for the \$74,000, which under
 the circumstances in the face of the dis-
 puted claims made in the petition, and
 which, of course, was written to cover all
 contingencies, is about right and fair to
 all concerned, says the special.

WINCHESTER ELHANAN REES.

A Native of Mason County Passes
 Away in Clark at a Good
 Old Age.

Winchester Elhanan Rees, a native of
 this county, died Wednesday night, April
 4th, at the home of his son John, in
 Winchester. He was eighty-five years of
 age, and was born near the old Shannon
 Church, which was built by his father.
 When about fourteen years of age he
 came to this city, and was in the dry
 goods business here several years as a
 member of the firm of Rees & Allen.

After leaving Maysville he spent four
 years in New York, then came to Clark
 County, where he farmed a short time.
 Removing to Winchester he conducted a
 grocery for eight years, and then assumed
 charge of the Rees House, which he
 conducted until last January.

His wife, who was Anna Vannmeter
 Hutchcraft, of Bourbon, survives him, and
 he leaves several children, among them
 Judge C. E. Rees, of Washington City, Dr.
 C. H. Rees, of Winchester, and Dr. B. G.
 Rees, of Louisville. There are many
 relatives in this county. Two sisters of
 the deceased still survive: Mrs. Marcus
 Browning and Miss Eva Rees, both of
 Jacksonville, Ill.

Major Rees came of a long-lived family.
 His grandmother lived to be 113 years
 old, his mother nearly 100 and his broth-
 ers all lived to be over 90.

THE COUNTY LEVY.

It is Fixed at 32 1-2 Cents on the \$100 For This Year.

Ryan Re-elected Superintendent of the Infirmary—Doings of the Fiscal Court.

All the Justices were present at Friday's session of the Fiscal Court, Judge Phister presiding.

A written notice from the Blue Run Turnpike Company surrendering said road to the Fiscal Court to be made part of the public road system was received and filed. On motion the court refused to accept said road.

'Squire Earnshaw moved that the county be divided into three road districts to correspond with the Sheriff's districts, and that a Supervisor for each of said districts be elected. 'Squire Luttrell moved as an amendment that six Supervisors be elected, one for each of the Magisterial districts outside of Maysville. The amendment was adopted. Two dollars per day was fixed as the compensation of the Road Supervisors, and this is to be paid only for the time they are actually employed.

On motion, 'Squires Luttrell, Earnshaw, Collis, Grigsby, Owens and Wood were appointed a committee to draft rules and resolutions in regard to the public road system of this county, and also lay off the six road districts, just ordered, said committee to report at a special term of this court on the first Monday of May.

Judge Phister suggested to the court the advisability of refunding the county's indebtedness, and issuing new bonds at a lower rate of interest to take up the bonds now outstanding. On motion the matter was referred to Judge Phister and County Attorney Newell, to investigate and report to this court on the first Monday of next month.

The action of the court on Thursday on the application for an appropriation to build a bridge over Beasley Creek near this city was reconsidered. The application was then tabled.

The Sheriff of election in each voting precinct was allowed \$1.25 for taking care of booths and ballot boxes.

'Squire Runyon moved to reconsider the action of the court in regard to appropriation for the bridge over Limestone Creek. Motion lost.

John Ryan, Edward Slattery, Howard Rosser and G. G. Killpatrick were placed in nomination for Superintendent of the County Infirmary. Mr. Ryan received a majority of the votes on the fourth ballot and was declared elected.

Dr. S. M. Cartmell was unanimously re-elected Infirmary Physician.

Dr. J. H. Samuel was unanimously re-elected Jail Physician.

'Squires J. M. Alexander, Samuel Mastin and M. D. Farrow were elected Infirmary Directors.

The court then made the following tax levy for this year:

M. and R. S. Railroad bond fund.....	2 cts. on \$100
School fund.....	15 cts. on 100
General fund.....	2 1/2 cts. on 100
Infirmary fund.....	3 cts. on 100
Turnpike and bridge fund.....	5 cts. on 100
Total.....	32 1/2 cts. on \$100

The levy for 1893 was as follows:

School fund.....	15 cts. on 100
General fund.....	2 1/2 cts. on 100
Infirmary fund.....	3 cts. on 100
Total.....	32 1/2 cts. on \$100

The poll tax for white and colored was fixed at \$1.50.

The following accounts were allowed:

The sum of \$25 each was appropriated in the hands of committees for the support of the following paupers: Reuben Warner, Henderson Phelps and William Campbell.

The Justices outside of the two Maysville districts were allowed \$4.50 each for room rent.

The Justices were made the usual allowances for holding court—\$3 a day for each day in attendance.

LATEST FROM BRAZIL.
The War Still Going on by Land and by Sea.

NEW YORK, April 7.—The Herald's Montevideo dispatch says:
The Herald's correspondent in Rio Grande do Sul sends word that Admiral Mello's fleet, which sailed from Desterro Thursday to meet President Peixoto's squadron, forced the bar of Rio Grande Friday afternoon. Soon after the fleet was in front of the city the big gun on the Aquidaban and Republica were brought into action. The city of Rio Grande was bombarded, and was still under fire when the Herald correspondent sent his dispatch.

Forces which had been landed from transports sent ahead will attack Porto Alegre.

General Tavares has resigned the command of the revolutionary army in Rio Grande do Sul in favor of Colonel Pina, who has recognized Mello's government. General Guimaraes Sarinivas has been proclaimed chief of the revolutionary forces.

A dispatch from San Tome announces the defeat of President Peixoto's garrison near Santa Horga. The revolutionary forces surprised the loyal troops and blew up the capital, where they were quartered. The slaughter resulting from this was terrible. All of the loyal troops who escaped took refuge in Argentine.

Passengers from Paranagua arriving on the Enrique Buns confirm the report of the evacuation of Sao Paulo by Saravi. Peixoto has captured Itare.

The passengers also bring news of the flight of Doria, the rebel governor of Parana from Caraitiba and Mello's virtual abandonment of Panagua.

Looking For Counterfeiters.

UNION CITY, Ind., April 7.—Major Carter, United States treasury agent, was in the city yesterday, looking for the party or parties that are passing the counterfeit \$10 bills that are raised from \$1 certificates by means of scratch work. He thinks the party that passed the bill found in a local bank is the same person who worked so many of them off in Chicago. He has a good clew, and thinks he will land his man in a few days.

Prize Fight Arranged.

BROOKLYN, April 7.—Bill Matthews of Detroit and George McArthur, the Canadian, are matched to fight at 154 pounds on July 27 next, within 100 miles of Detroit, for \$1,000 a side and a purse of \$1,000, the loser to get \$200 of the purse, to a finish, with two-ounce gloves. Matthews and McArthur fought two years ago at Chicago for \$2,000, when McArthur won in five rounds.

To Restore Salaries.

OMAHA, April 7.—The American Railway union yesterday applied to Judge Dimdy to have restored the salaries, which were cut by the receivers of the Union Pacific railway. The judge declared he would do it. The matter has caused a sensation.

PTOLEMY, 5169.

The best breeding individuality and color ever offered for anything like the money before. I am now steadily increasing my grandly-bred Suffolk, PTOLEMY, 5179, by Happy Medium, 400, sire of Nancy Hanks, 294, and about one hundred others in the 230 list, at \$20 to insure a living colt. In breeding to Ptolemy you are bound to get size and color, he being 16½ hands high. His colts are all large bays, splendid legs and conformation generally. If you don't get a race horse, you are bound to get a good sized roadster, such as are now in great demand at good prices. Call on or address me at Tuckahoe, Ky., Mason County.
